

The meeting on 20 January 2014 started at 13:00 by participation of: Magnus Lindh, Roland Bergdahl, John Honn and Avazeh Hashemloo.

The main purpose of the meeting was discussing:

1. Italian party
2. The remiss
3. An educational course regarding how to boost CV

We decided on:

- To resend the invitation of the Italian party declaring a deadline date for registration.
- The invitation cards prepared by NTK were distributed among departments.
- To have a meeting next week in order to discuss the things about the Italian party.
- We reviewed the remiss and everyone was fine with the content about new rules and regulations. However, we decided to review it individually again in the case that we may come up with new comment on them.
- We decided to distribute an advertisement about a short course regarding "How to boost our CVs" which will be held on 12th February 2014.
- We also decided to continue our previous activities such as having PhD pubs, swimming sessions and beach volleyball.
