

Annual Report of NTK PhD Students Section

Academic Year 2015/2016

1. Lunch Seminars

Lunch Seminars is a series of events during which we share our knowledge about tools, technologies, methods and skills, that are useful for PhD students irrespective of their field of science. Seminars are organized during the lunch time (12-13) and we try to provide free food for registered NTK members.

Editions: (1st) October 22nd, (2nd) January 27th, (3rd) March 3rd, (4th) May 10th

2. Beachvolley at IKSU

On October 29th we have organised beachvolley and lunch at IKSU for all interested NTK members.

3. Welcome Day for PhD students

On December 10th we have organised a gathering for PhD students with information, mingling and networking. We provided fika and gave you a lot of useful advices regarding doctoral studies.

4. Annual Meeting

For the first time organised together with the 4th Lunch Seminar on May 10th, what helped in increasing the attendance.

5. Co-organising Career Day

This year Career Day took place on May 16th. The aim of this event was to provide an overview on how careers can be pursued in Academia, Industry, Education and Innovation-Startup Sectors. The targeted audience were the PhD students, post-docs and young researchers, but it was open to anyone interested. The Career Day was organised by the Doctoral Council and it was a half day event, starting from 12:00-17:00 in Lecture Hall G, Humanities Building.
